#### **Summary of Key Policy Changes 2025**

We are delighted to introduce our updated Lifeline Plus policy. Please read this document carefully as it summarises the key changes we have made.

As part of this update we are introducing new benefit extensions and other improvements to existing cover and we have also made some changes for clarity and to reflect current regulatory requirements.

This is a summary of the key changes only and does not detail all the changes we have made or form part of the policy document. Please read the policy document for a full description of the cover and all of the definitions, terms and conditions that apply. The policy document should be read in conjunction with the policy schedule which states what parts of the policy are included, who is covered, the sums insured and any endorsements that apply to the cover provided. In the event of any inconsistency between the policy document (including the policy schedule) and this summary of key policy changes, the policy document shall prevail.

Please keep this summary with the policy documentation for future reference. Any queries relating to the policy coverage should be discussed with the insurance intermediary that arranged the policy.
